

TIP OF THE MONTH – JULY 2014

A [Notice](#) received from the Social Security Administration Office today, specifically states that the SSA will no longer provide SSN printouts starting August 1, 2014. Since bankruptcy debtors frequently rely upon such printouts for proof of SSN at their 341 creditors meeting, I thought it was prudent to pass this information along to bankruptcy practitioners so that counsel can advise debtors to promptly order a new social security card well in advance of the scheduled creditor meeting to avoid further delays, issues and irritations for call parties involved.
