Description: Join us again for part two of our title insurance Q and A, where we will have two great title insurance representatives who will be available to answer and continue discussing in depth and confusing title insurance related questions and issues asked by section members. This month's guest speakers are Matt Carey, Treasure Valley Title Team Leader for Title One in Idaho, and Nick Schug, Vice President and Commercial Manager/Sr. Commercial Title Officer for Alliance Title's downtown Boise commercial operations branch.

Matt began his career in the title industry while living in Springfield, MA and attending law school there. Matt has worked more than 15 years in the title industry, with 10 of those being exclusively in the title insurance and escrow field. Nick is responsible for the commercial operations in the Treasure Valley and works on projects throughout the state of Idaho.
