545D	<b>Balancing Precision &amp; Flexibility: Advanced Contracting Techniques</b> 2 DVDs - The Business & Corporate Law Section is thrilled to present its 2014 Annual CLE Balancing Precision & Flexibility: Advanced Contracting Techniques. The program is focused on challenges faced by transactional attorneys from capturing deal objectives in agreements to drafting corporate documents. We are fortunate to have nationally recognized and locally esteemed attorneys join us to share their many years of transactional experience.  We are honored to present Charles Fox, a former partner with Skadden, Arps, Slate, Meagher & Flom LLP in New York, as this year's keynote speaker. Mr. Fox is a leading provider of practical, hands-on, interactive trainings for transactional attorneys. His workshops are offered nationwide and clients include Latham & Watkins LLP, Kaye Scholer LLP, Verizon Wireless, and Moody's Investors Service Inc. His trainings are designed to enhance the practical drafting skills of both experienced and junior attorneys.  We are also fortunate to have David Jensen, Christine Nicholas and Kirk Houston from Moffatt Thomas Barrett Rock & Fields, Chtd. joining us to share their expertise in drafting entity documents, resolutions and minutes. And back by popular demand, Wendy Gerwick Couture, an Associate Professor with the University of Idaho College of Law, will be presenting her annual review of the top ten business law cases. 	1 DVD - AVAILABLE TO MEMBERS OF THE ISB INTERNATIONAL LAW SECTION AT A DISCOUNTED RATE OF \$30. The United States is not a party to a treaty with any country (not even Canada) that would make U.S. federal or state court judgments automatically enforceable outside of the U.S. By contrast, U.S. arbitral awards are enforceable in most countries under the U.N. Convention on the Recognition and Enforcement of Foreign Arbitral Awards - the so-called "New York Convention."				
	When negotiating a contract with a foreign party, should you agree to international arbitration rather than litigation in a foreign court? What are the pros and cons of international arbitration? What should you include in an arbitration clause? What are the advantages and disadvantages of involving an arbitral institution, such as the International Chamber of Commerce? How does ICC arbitration work?				
	A distinguished group of presenters will answer these questions and provide in-depth personal experience with international arbitration and international litigation.

<p>1 DVD - AVAILABLE TO MEMBERS OF THE ISB INTERNATIONAL LAW SECTION AT A DISCOUNTED RATE OF \$30. The United States is not a party to a treaty with any country (not even Canada) that would make U.S. federal or state court judgments automatically enforceable outside of the U.S. By contrast, U.S. arbitral awards are enforceable in most countries under the U.N. Convention on the Recognition and Enforcement of Foreign Arbitral Awards - the so-called "New York Convention."</p> <p>When negotiating a contract with a foreign party, should you agree to international arbitration rather than litigation in a foreign court? What are the pros and cons of international arbitration? What should you include in an arbitration clause? What are the advantages and disadvantages of involving an arbitral institution, such as the International Chamber of Commerce? How does ICC arbitration work?</p> <p>A distinguished group of presenters will answer these questions and provide in-depth personal experience with international arbitration and international litigation.</p>
