

Searching the Email Archives from Previous Section Listserv Platform

The Idaho State Bar has changed the provider of the platform that the Practice Sections use for the email Listserv. The old service that was hosted by L-Soft was becoming unreliable and outdated. There was also not an easy way to search the archives. We think that you will find the new platform hosted by Tradewing to be more user friendly and easier to search previous posts.

To make the transition easier, we have downloaded the post archives from the Family Law Section L-Soft Listserv from the past 3 years. Due to the nature of the old listserv, the archives were only able to be downloaded in a pdf format.

If you kept posts in your email you can search for them there or you can search through the pdf version (which is located in the “Resources” tab of your Tradewing Group) and typing in **keywords, names, and/or dates** to find what you’re looking for. You can either click “Ctrl + F” or click on the “Edit” button at the top and then scroll down and click “Find” to pull up the search bar. Below is an illustration of the search function.

If have any questions, please email [Carissa Carns](mailto:Carissa.Carns@idaho.gov) or call her at 208-334-4500.
