

MESSAGE FROM IDAHO LEGAL AID SERVICES, INC.

Dear Members of the Seventh Judicial District:

The Idaho Falls Office of Idaho Legal Aid is once again accepting participants for our referral program. We have hundreds of people every year contact us for legal assistance that we are not able to represent. This program is a chance for you to help meet that need and hopefully gain some new clients. To be involved, you must be willing to (1) provide a free 30-minute consultation with the referred person and (2) take into consideration the referred person's finances if he or she would otherwise income qualify under Legal Aid's guidelines. The cost arrangements are strictly between you and the client in that we have no set requirements and nothing need to be reported back to us. We provide the individual with a referral card indicating his or her financial qualification and the terms of the program.

You can sign up online using the brief form

As always, we genuinely appreciate your willingness to help. We hope that this program provides you with new clients, opportunities, and satisfaction.

Sincerely,

Jacob B. Workman
