

REMINDER: COURTHOUSE CLOSURES / REDUCED OPERATIONS ON APRIL 6

As part of the upcoming transition to the Odyssey case management system, 14 county courthouses across Idaho will be reducing operations while 14 additional counties will be closed for all purposes other than essential judicial business relating to public safety on Friday, April 6. In order to transition 14 additional counties to the new system on April 9, counties that have already transitioned to Odyssey must be temporarily taken offline. As a result, the Supreme Court has ordered all counties that are **currently on the Odyssey system** to be closed on April 6. Impacted counties include:

Counties Operating on Odyssey (Closed, except for essential judicial business related to public safety)		
Ada	Cassia	Minidoka
Blaine	Elmore	Owyhee
Boise	Gooding	Twin Falls
Camas	Jerome	Valley
Canyon	Lincoln	

Each court will make the provisions it deems necessary to address initial appearances in criminal cases for individuals who are in custody, arrest warrants and other proceedings critical to public interest and the community's safety. That day will be treated as a legal holiday/non-judicial day in each of the counties above, extending filing deadlines that fall on April 6 to the close of business on Monday April 9, 2018.

The following counties **transitioning to Odyssey** will experience reduced operations on April 6. If you do not have urgent business with one of the county courts in transition, you are asked to avoid the courthouse from April 6 through April 11.

Counties Transitioning to Odyssey (Reduced operations)		
Adams	Gem	Nez Perce
Benewah	Idaho	Payette
Bonner	Kootenai	Shoshone
Boundary	Latah	Washington
Clearwater	Lewis
