A screenshot of a web application's settings page. At the top, there is a search bar labeled "Search Community" with a magnifying glass icon, a speech bubble icon, and a profile icon labeled "N". Below the search bar is a sidebar with "Settings" and two options: "Notifications" (with a bell icon) and "Privacy" (with a lock icon). The main content area is titled "Notifications" and includes the instruction "Choose how often you receive emails from the community." Below this is a toggle switch labeled "Opt out of all emails", which is currently turned off. Further down, there is a section titled "Groups" containing a table with notification frequency settings for different groups.
